

Harbor Walk Condominiums Norfolk, Virginia

Project Title: Harbor Walk Condominiums
Project Number: ----
Customer: Clark Whitehill Homes
Dollar Amount: \$5,649,926.83
Percent Complete: 100%
Completion: June, 2006
Role: Teaming Subcontractor to Clark Whitehill Homes

Project Scope:

This project involved building a clubhouse and eleven condominium buildings (65 units) with a combined living space of 134,600 sf. Six of the eleven buildings were four-story structures, four of the eleven were three-story structures, and there was one single-story structure. Quality Enterprises portion of the work included the following: site grading, footings, slabs, driveways, installing curbing and stone base for three alleys, masonry (block & brick), structural steel, elevators (8 total), all electrical, and security and fire protection (sprinkler systems & alarm systems). Quality Enterprises also installed the underground fire main to 5 buildings.
